Family Testimonials

From Kristin M.

- ▶ My daughter and I have absolutely loved our experience at Dance Works thus far. Grace has been at the studio for 2 years (going into our third), and has grown so much as a dancer. Not only has her technique, showmanship, and confidence improved tremendously, her overall dance IQ has also skyrocketed. As a result of all of these things, her love for dance has flourished...this child is always dancing. While I have loved watching her grow as a dancer, as a parent I am most impressed with the importance that Dance Works places on character development. The emphasis on respect, responsibility, and teamwork has helped my daughter grow and develop both in and out of the studio. The atmosphere that Laura, Larry, and Lisa have cultivated is a very special one. Grace is always greeted by name when she walks in the door, and I know that she is taken care of and valued while she is there. She has made many friends both with the students in her class, as well as older dancers who she looks up to as role models. Dance Works already feels like a second home to her, and she prefers being there over to almost anywhere else.
