

Dance Works

Family Testimonials

From Nahrea S.

- ▶ Our daughter, Kinleigh has been attending Dance Works since she was 2 years old. Kinleigh struggled with intense social anxiety. We were looking for a studio that would help her grow socially, emotionally, and boost her self-confidence. Kinleigh started blooming right away. We loved watching her come out of her shell and try new things. Her first year of recital she was definitely nervous, but she came out with a fire and a tenacity that we hadn't seen before. Now, almost 5 years later, she still goes out and just shines. Dance Works also helped her transition into kindergarten this past fall. She remembered that she could do hard things. She could face her fears and grow. We are so thankful for the many opportunities that Dance Works has given to our daughter. We can't wait to keep watching her shine.
